

# Tourism Wayfinding Signage Application 2026/27

## BEFORE YOU APPLY

RT07's Partnership Program for 2026/27 depends on approval of our annual Business Plan by the Ministry of Tourism, Culture & Gaming. RT07 may limit the number of projects funded per stakeholder per year.

Before you start an application, **you must connect briefly with the RT07 team** to confirm your project's eligibility. This short conversation often helps clarify requirements and significantly improves the quality and success of applications. Easy ways to connect are listed in the [Guidelines](#) and on the [Partnership Program page](#).

Please download and read the [Partnership Program Guidelines](#) before applying. Important detailed information about program expectations, roles and responsibilities, timelines, and supplier processes has been intentionally moved out of the application and into the Guidelines to make this form easier to complete.

## A Note About Sustainability

[Sustainability](#) (economic, social, environmental) is not required for 2026/27 funding. However, projects that demonstrate clear, measurable efforts towards sustainability may be prioritized, as the program is competitive. No matter where you are in your sustainability journey, the RT07 team is here to help.

## Tourism Wayfinding Signage Collaboration Details - Program Overview

*This application is used to request funding through RT07's Partnership Program to support the planning, fabrication, and installation of tourism wayfinding, trails, and cycling signage that aligns with RT07's Wayfinding Signage Standards. The program supports municipalities, counties, and eligible organizations in implementing consistent, durable signage systems that improve visitor navigation, enhance the visitor experience, and support tourism growth across the region.*

- To receive funding, you will be required to adhere consistently to the RT07 specifications document

[RT07 Wayfinding Signage Standards and Specifications](#) (June 2021 version)

- If the signs you are looking to develop are not included in the above document, see the Guidelines for information regarding Adjunct signage that may be eligible
- Signage projects are most often undertaken by Municipalities or Counties (or by Conservation Authorities or Recreational Organizations) and funding does not apply to any

other types/formats of signage or electronic signage. Development of signage plans is only eligible for those implementing the RTO7 signage system.

- TODS Provincial highway wayfinding signage is not eligible.
- You will share sign proofs early in the process with RTO7 to confirm sign specifications are being met
- The Partner owns the signs and is responsible for future maintenance, content changes, replacement, etc.
- Future funding of partners will in part be determined by timely completion of signage projects
- \$1 partner funds are matched by \$1 partnership funds, e.g. if you contribute \$10,000 you'll end up with a project of \$20,000 (including tax)
- Partner minimum contribution is \$5,000, to a maximum partner contribution of \$75,000 (including tax)
